

TWIN TIERS CHRISTIAN ACADEMY

October 7, 2022

Dear Parent/Guardian:

The School Health Service program supports your student's academic success by promoting health in the school setting. One way that we provide care for your student is by performing the health screenings as mandated by the State of New York.

During this school year, the following screenings will be required and completed at school if it has not been completed by their provider. If they have seen an optometrist, or audiologist, in the past year, and would not like them screened, please provide that information.

Vision

- Distance and near acuity for all newly entering students and students in Grades 5,7,11
- Color perception screening for all newly entering students.

Hearing

- Hearing screening for all newly entering students and students in Grades 5,7,11

Scoliosis

- Scoliosis (spinal curvature) screening for all girls in grades 5 and 7, and boys in grade 9.

Parents will be notified of results if the student needs to be referred to a provider.
